

2/20/73

Dear Mr. Fettinghorst,

I've been going over and reviewing the census forms, and find a number of your doing what I'd be very helpful in a new CC for the 1809s and 1796s. I'd like some information, such as address or source, on the following:

S-107, 114, 117, 118, N04 of 1796;
S-259/03NC1.

Would especially like a pressing or the loan of your NC1, as I'm trying to personally view each 03NC1 and assign a permanent number to it.

Would be very grateful if you can supply copies of these so that they can be entered in a new Condition Census.

Hope to hear from you.

Best wishes,
Jeff

*Sent explanation
and '03 NC1*

August 5, 1975

While the announcement has not yet been "officially" made, Denis Loring recently added my name to the E.A.C. Revision Committee, with my primary task to be researching many hundreds of rare and choice cents that have appeared over the last 70 or so years. With particular respect to the count of R6 or higher varieties, I have drawn rather extensively from the E.A.C. Census (way back in 1973), which contained cents that you yourself reported. Unfortunately, the Census itself is of limited value since (1) only the grades were reported, and no pedigree/sources were provided, and (2) the flood of choice and rare cents that have appeared in the ensuing 2 years makes most of the data outdated. With this in mind, I am asking your help in furthering, and hopefully, completing the Revision.

Specifically, I am in desperate need of grade and pedigree information on cents that you currently own in the following classes: (1) any variety of R6-R8 rating; (2) "special" interest varieties of S-48, S-80, S-264, S-272; (3) any coin of condition census grade; (4) cents that have appeared in public auction or sale, especially if graded therein as or about of condition census grade. I realize, of course, that this will require a bit of your time to gather together, but the end result will be invaluable in accurately compiling the Revision.

Hoping that you will help us in the final stages of the Revision. Naturally, all information provided will be held in strictest confidence and used only for purposes of the Revision.

Best wishes,

Jeff

E.A.C. #67 (charter)

P.S. My apologies for resorting to a copy letter; unfortunately, I have about 50 members to contact in a very limited time, and I hope you will excuse this shortcut.
